The Queen is Dead

Abigail Owen

***Beauty and the Beast* meets *Snow White* in this upper YA fantasy where a black heart is disguised by beauty, the purest soul is hidden within a beast, and a gift of hope is laced with death.**

Everything about Meren's life is a lie. As a hidden twin princess, born second, she has only one purpose—to sacrifice her life for her beloved sister if death comes for her. Meren has lived under the guise of a poor, obscure girl of no standing, slipping into the palace and into the role of the true princess when danger is present.

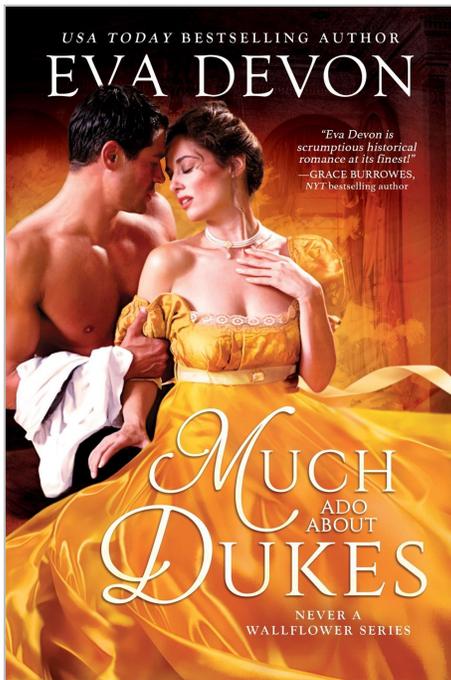

Now the queen is dead, their dominion under threat of eternal winter, and the sinister King Erebus has sent her sister a flower. The first seen in a thousand years. With that gift, he seeks to wed her. Untrusting, Meren does what she was born to do and secretly takes her sister's place on the eve of the coronation.

Which is why, when a man made of shadow kidnaps the new queen...he gets Meren by mistake.

As Meren tries to escape, all the lies start to unravel. Not just her lies. The Shadow Ranger who took her has secrets of his own. He struggles to contain the shadows he wields—other faces, hideous faces, that terrify her.

Winter is at the walls. Darkness is looming. And the only way to save them all is to kill Erebus. But to kill the king is to destroy the king, including the only good piece of his soul left—the Shadow Ranger who has stolen Meren's heart.

Multi-award-winning author Abigail Owen writes adult paranormal romance and upper YA fantasy romance. She loves plots that move hot and fast, feisty heroines with sass, heroes with heart, a dash of snark, and oodles of HEAs! Other titles include *wife*, *mother*, *Star Wars geek*, *eMBA*, *Texas*, *Aggie*, and *chocoholic*. Abigail currently resides in Austin, Texas, with her own swoon-worthy hero husband and their angelic (mostly) kids, who are growing up way too fast. abigailowen.com

Much Ado About Dukes

Eva Devon

The marriage game continues in the latest Regency romance from *USA Today* bestselling author Eva Devon.

In this *Bridgerton* meets *Emma* tale, the Duke of Chance knows how to make a match! He's never had a failure...that is, until a most furious young woman accuses him of ruining her life. After all, it was her sister who was supposed to marry for money and title, not her. But he's made her sister a love match. He's an all-powerful duke and the ton's best arranger of marriages. It'll be no problem. There's just one thing. Every time he sees her, he keeps picking the wrong gentleman...perhaps because he wants her himself.

USA Today bestseller Eva Devon was raised on literary fiction, but quite accidentally and thankfully, she was introduced to romance one Christmas by Johanna Lindsey's Mallory novella *The Present* and a romance addict was born. Now, she loves to write her own roguish dukes, alpha males, and the heroines who tame them.

The Rules of Love

Kerri Carpenter

An accidental pregnancy with a one-night stand in your small hometown? She'll break all the rules in this charming new small-town series from award-winning author Kerri Carpenter.

Rule #1: Always listen to Grandma's advice – broken

Social media strategist Lauren Wallace has always butted heads with her grams. That doesn't bode well for her extended trip home to Seaside Cove, Maine. Neither does running into her former friend turned enemy, bar owner Ethan MacAllister. Funny how quickly a little verbal sparring can turn into flirting. When Lauren finds herself pregnant after their one-night stand, she knows it's time to lay some ground rules.

Rule #2: Do not have a one-night stand – broken

Reeling from a divorce where his ex-wife used him to get a green card, Ethan wants to turn his life around. He couldn't be happier for a second chance, especially with the woman he's liked for over a decade. But the two of them are polar opposites and Lauren can't seem to see past his laid-back persona from high school. Ethan's not even sure if he's ready to get involved again. But if he is, how can he convince Lauren he's changed?

Rule #3: Do not fall in love....

Lauren has always loved a challenge and being in charge. But life keeps throwing curve balls in her direction. With taking care of her grandmother and sisters, being pregnant, and navigating her feelings for Ethan, maybe the best way to figure out the rules is by breaking them.

Award-winning romance author Kerri Carpenter writes contemporary romances that are sweet, sexy, and sparkly. When she's not writing, Kerri enjoys reading, cooking, watching movies, taking Zumba classes, rooting for Pittsburgh sports teams, and anything sparkly. Kerri lives in Northern Virginia with her adorable (and mischievous) rescued poodle mix, Harry.

The Rebound Surprise

Laurel Cremant

And baby makes 3 in this adorkable and lovable new romantic comedy from CIMRWA author Laurel Cremant.

So what if Liberte “Libby” Philidor likes to keep her life organized and predictable? That’s not a crime. But the universe has decided to test her. She wasn’t expecting to come home and find her boyfriend defiling her gorgeous linen sheets with the maid. But she handled it like the lady she is. With ice cream, rum, and epic subtweets. She’s mastered adulting like a boss.

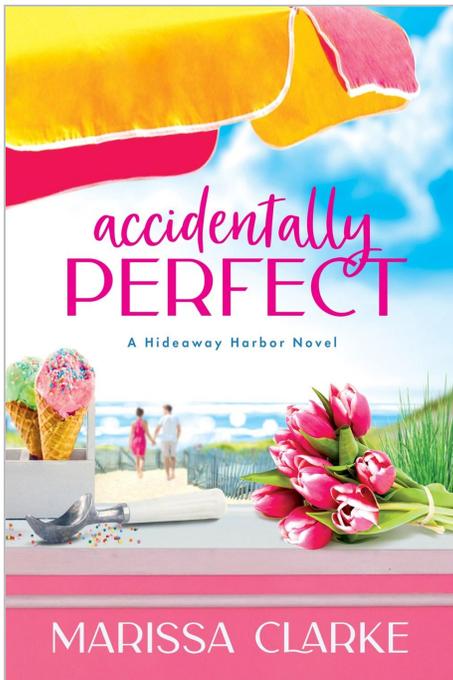

But then the universe (unhinged trickster) decided to throw *him* in her path.

Aniel Vega. He doesn’t just live a carefree life—he embraces it. His daily schedule consists of lounging by his hotel’s pool, partying, and distracting unsuspecting women with his dimples, wide chest, and big... Never mind.

He was the perfect guy to have a rebound fling with. Except the fine print that says condoms and birth control aren’t 100 percent effective is unerringly accurate.

Aniel is *not fazed* by an unexpected baby on the way. He’s being sweet, and supportive, and funny, and (ugh!) sexy as hell. Libby can’t stop wanting a repeat of the night that got them there. Must be the pregnancy hormones. Right?

Laurel Cremant is a multi-published author who enjoys writing steamy, diverse, and seductive romance: paranormal, urban fantasy, contemporary, multicultural, and erotic. She is a self-proclaimed, out-of-the-closet nerd, and admits that she can’t seem to avoid adding a bit of “nerdology” or “geek-dom” to all of her stories. She’s a PAN member of RWA and a bestselling author in several sub-genres of romance. laurelcremant.com

Accidentally Perfect

Marissa Clarke

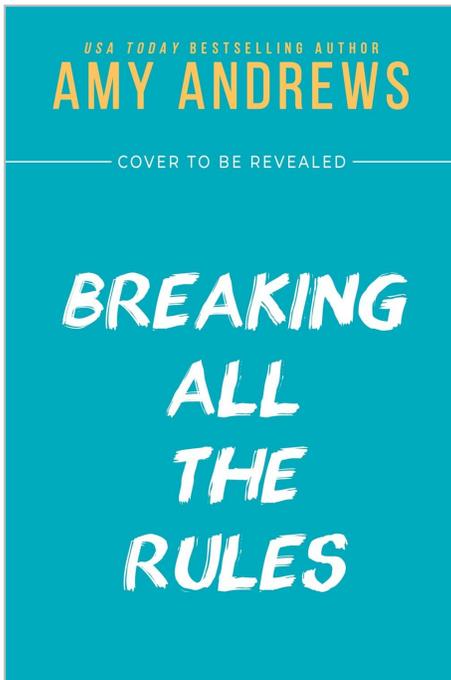

Falling in love wasn't part of the fake marriage ruse in this new small-town romantic comedy series from multi-award-winning author Marissa Clarke.

All her life, Lillian Mahoney has had the ability to turn chaos into order...until now. When she loses her job as assistant to a world-famous lifestyle guru after a snafu left him looking decidedly not-with-it on national TV, Lillian accepts her TV producer's offer to weather the media storm at a cottage in Blink, Maine. At least the diner in Blink is as warm as the people in the tiny coastal town. And one of them, a sweet widower, even offers her a job helping him out a few days a week.

Being burned has opened Caleb Wright's eyes, and he knows even the prettiest packages can hide dark surprises. No way is he going to let this Lillian woman take advantage of his friends and neighbors. Seriously. Why else would she immediately cozy up to the richest man in town? Old Man McGuffey agrees to let this total stranger help him out from nine to five with the organizational things his wife used to do—grocery shopping, paying bills, laundry... Yeah, right. This Lillian Mahoney is up to something, and Caleb plans to find out what that something is.

Keep your friends close and your enemies closer. And how better to keep Lillian close than for Caleb to hire her as his own nine-to-five wife? Well, it seems like the perfect plan until that nine to five makes him long for twenty-four seven...

Marissa Clarke is a multi-award-winning, RITA® nominated author of romance for adults and teens. She lives on an island in the middle of a river. Seriously, she does. When not writing, she wrangles her rowdy pack of three kids, two Cairn Terriers, and one husband. She also writes young adult novels as Mary Lindsey and loves to connect with readers. Breaking All The Rules

Amy Andrews

A fun, sexy romp through the trials of starting over, and finding what you didn't know you needed in the last place you expected, perfect for fans of Susan Elizabeth Phillips.

Sick and tired of being passed over for promotion after promotion, thirty-five year old Beatrice Archer is done with the corporate hamster wheel and all the "rules" women have to play by if they want to ride. Instead, she's moving to the middle of nowhere, where no one knows her name, and she's going to break every damn rule there is.

Drinking beer for breakfast—check.

Trading in skirts and stilettos for yoga pants and bunny slippers—check.

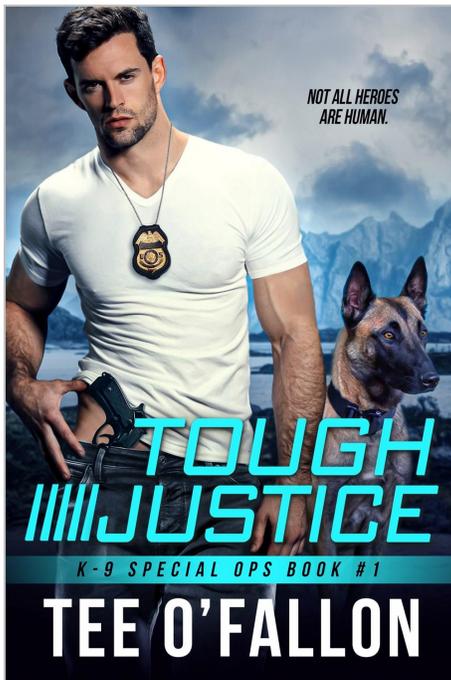

Saying all the things she's thinking but didn't say before—double check.

She's finally living her best life, and the last thing she needs is the attention of a straitlaced, small-town junior cop.

Before long, though, twenty-five-year-old Austin Cooper is aiding and abetting Bea's rule-breaking ways...which leads to the biggest rule break of all. Embracing her inner wanton and having nonstop monkey sex with said junior cop? Big, fat check.

It's all fun and games until the corporate world comes back a'knockin'...

Tough Justice

Tee O'Fallon

To stop an explosion of deadly overdoses, a DEA special agent and his K-9 team up with an ER doctor, but the danger is far closer than they know.

DEA Special Agent Adam “Deck” Decker and his Belgian Malinois, Thor, are the elite of the Denver K-9 Special Ops drug interdiction teams. Deck and Thor have seen it all, so when Denver is plagued by a rash of unprecedented and grisly “gray death” overdoses, one of which nearly kills his friend and fellow agent, it’s Deck and Thor’s job to track down whoever is flooding the streets with a deadly cocktail of synthetic opioids.

ER doctor Tori Sampson works at ground zero for what the governor has declared a public health crisis—North Metro Hospital. The overdose body count is rising fast, and she’ll do anything to help stop it. Even partner with Deck. Years ago, the DEA revoked her father’s federal pharmacy license and destroyed her family’s livelihood. Working with a handsome DEA agent who dogs her every move is a constant reminder of her family’s pain, humiliation, and financial suffering.

The good doctor is smart, sexy, and prickly. But Deck can’t ignore the chemistry sizzling between them. With Thor’s uncanny senses, Deck and Tori get closer to unmasking the distributor of this deadly drug. And find the danger is far closer than they ever imagined.

Tee O’Fallon is the author of the Federal K-9 series and the NYPD Blue & Gold series. She has been a federal agent for twenty-three years. Now a police investigator, she conducts multi-state investigations at the state level. It felt only natural to combine all her hands-on experience in the field with her love of romantic suspense. The Best Kept Secret

Tawna Fenske

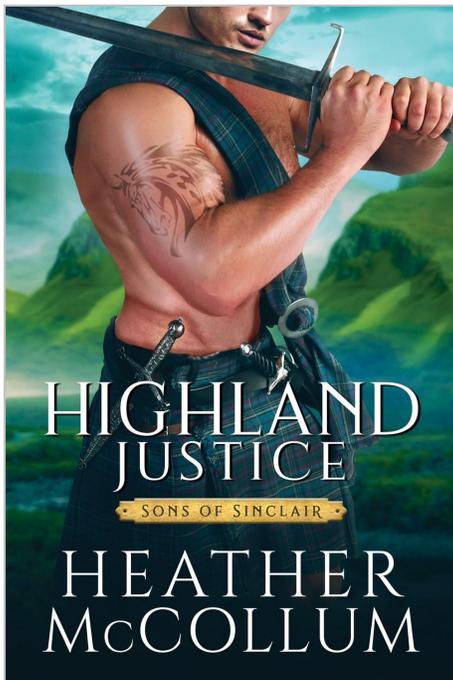

When two opposites are thrown together to take care of a child, plenty of laughs abound...but it wouldn't be a Smokejumpers rom-com without some steam.

Nyla Franklin can't keep a secret. She means well, but her helpful instincts just short-circuit her brain's ability to keep her lips zipped, and soon she's spilling everything from her sister's birthday gift to her mom's true age. But little secrets are nothing compared to the doozy Nyla uncovers when her ex-brother-in-law has a loopy response to pain meds and confesses the whopper to end all whoppers—his child, Nyla's nephew, isn't biologically his.

Leo Sayre split with Nyla's sister years ago but didn't discover his son's DNA until four years ago. It doesn't matter to Leo, since Seth's his son no matter what. Sure, it stings knowing his ex-wife cheated, but at least he stayed close with Nyla and has the family he always wished for. Growing up without a dad, Leo always wanted a stable home life and a comfortable career running his family's air tanker business. But there's a ticking time bomb in the room now that Nyla knows the secret. To make matters worse, Leo's having feelings for her that are anything but friendly. The more time they spend together, the tougher it gets to keep their hands to themselves and their secrets locked safely inside.

As Leo and Nyla grow closer, they risk a whole lot more than spilled confessions. Can they find a way to blend their messy family dynamic into something whole and lovely, or will it all go up in smoke?

Amity Hope

What happens when the matchmaker finds her own perfect match? Find out in this continuation of the gentle Pine Creek series from Amity Hope.

After her husband dies in an accident, Amelia Baumann has sworn to never love again—she's perfectly content to help the other singles of Pine Creek find love instead. But when Samuel Kurtz shows up at his aunt Mary's house and becomes a permanent guest, along with Amelia, it's hard to keep her feelings in check. Samuel's six-year-old niece, whom he's been raising as his own daughter, completely steals her heart.

When the bishops from another district threaten to send Ruthie to live with her aunt Dorothy, so that she'll have two parents instead of just Samuel, he hatches a plan.

He convinces Amelia to agree to a marriage of convenience. She's willing to go along with him because she loves Ruthie and can't bear to see her torn from the only father she's ever known. And as long as she and Samuel are in agreement that they will simply remain friends...what could possibly go wrong?

Amity lives in beautiful northern Minnesota with her two sons, two cats and their Rottweiler. She has a degree in elementary education and worked in that field for ten years before deciding to write. If she's not writing, or spending time with her boys, she's most likely reading.

entangledpublishing.com

At Entangled Publishing, we believe authors who write great books should receive a majority of the profits. We also believe authors interested in the lucrative indie publishing model shouldn't have to sacrifice quality editing, commercial covers, or the power of a New York-style marketing machine. That's where we come in. Founded by industry-savvy authors, Entangled Publishing utilizes a bold new business model to bridge the gap between traditional and indie publishing, giving our authors the best of both worlds. We implement the agency model across all departments at Entangled, which means everyone from the copy editor to the marketing director has a financial stake in your book. In other words, we don't make money unless you make money.
