## The Rival

Emma Lord

Brimming with Emma Lord's signature wit, *The Rival* is a flirty and fun coming-of-age story of rivals-to-lovers meets *Never Have I Ever*.

### Summary

*Crushing on the competition.*

At long last, Sadie has vanquished her lifelong academic rival — her irritatingly charming, whip smart next door neighbor, Seb — by getting the coveted, only spot to her dream college. Or at least, so she thinks. When Seb is unexpectedly pulled off the waitlist and admitted, Sadie has to compete with him all over again, this time to get a spot on the school's famous zine. Now not only is she dealing with the mayhem of the lovable, chaotic family she hid her writing talents from, as well as her own self doubt, but she has to come to terms with some less-than-resentful feelings for Seb that are popping up along the way.

But the longer they compete, the more Sadie and Seb notice flaws in the school's system that are much bigger than any competition between them. Somehow the two of them have to band together even as they're trying to crush each other, only to discover they may have met their match in more ways than one.

### A Novel

Emma Lord

*The Summer I Turned Pretty* meets *People We Meet on Vacation* in this sparkling and timeless romance from *New York Times* bestselling author Emma Lord.

### Summary

The day of her high school graduation, Riley realizes two things: One, that she has spent the last four years trying so hard to be a Good Kid for her mom that she has no idea who she really is anymore, and two, she has no idea what she wants because of it. The solution? Pack her bags and move to New York for the summer, where her childhood best friend Tom and co-creator of *The Getaway List* — a list of all the adventures they've wanted to do together since he moved away — will hopefully help her get in touch with her old adventurous self, and pave the road to a new future.

Riley isn't sure what to expect from Tom, who has been distant since his famous mom's scriptwriting career pulled him away. But when Riley arrives in the city, their reconnection is as effortless as it was when they were young?except with one, unexpected complication that will pull Riley's feelings in a direction she didn't know they could take. As she, Tom, and their newfound friends work their way through the delightfully chaotic items on *The Getaway List*, Riley learns that sometimes the biggest adventure is not one you take, but one you feel in your heart.

#### A WITCH...

Rune Winters is on the run. Ever since the boy she loved, Gideon Sharpe, revealed who she was and delivered her into enemy hands, everyone wants her dead. In order to protect this new world he fought for, every last witch must die—especially Rune Winters.

The more they're forced into each other's company, the more Gideon realizes the feelings he had for Rune aren't as dead and buried as he thought. Unfortunately, the only other "out" boys in his school year are dating each other, so finding a boyfriend isn't going to be easy... Until fate *finally* intervenes and two new mysterious boys join drama club: Peter, who's just moved from New York (very chic) and his best friend, Sam.

Patch is confident that one of them (although either of them will do!) will be his first boyfriend. Whether or not they actually like boys *or* him is a problem for later.

## The Forest Grimm

Kathryn Purdie

**The paperback edition of #1 *New York Times* bestselling author Kathryn Purdie's spellbinding YA romantasy, where fairy tales come to life with dark, deadly twists.**

### Summary

The Midnight Forest. The Fanged Creature. Two fortune-telling cards that spell an untimely death for 17-year-old Clara. Despite the ever-present warning from her fortune-teller grandmother, Clara embarks on a dangerous journey into the deadly Forest Grimm to procure a magical book—*Sortes Fortunae*, the Book of Fortunes—with the power to reverse the curse on her village and save her mother.

Years ago, when the villagers whispered their deepest desires to the book, its pages revealed how to obtain them. All was well until someone used the book for an evil purpose—to kill another person. Afterward, the branches of the Forest Grimm snatched the book away, the well water in Grimm's Hollow turned rancid, and the crops died from disease. The villagers tried to make amends with the forest, but every time someone crossed its border, they never returned.

Now, left with no alternative, Clara and her close friend, Axel—who is fated never to be with her—have set their minds to defying fate and daring to accomplish what no one else has been able to before. But the forest—alive with dark, deadly twists on some of our most well-known fairy tales—has a mind of its own.

**The spellbinding sequel to Kathryn Purdie's bestselling dark fairytale, where our main characters must return to the forest...and its monsters.**

### Summary

*The story hasn't ended yet.*

After surviving *The Forest Grimm* and defeating the Wolf, Clara and Axel have made it back to their village. For now, they're safe behind the forest's borders.

But when the forest begins luring in villagers even from outside its borders, it's clear Clara and Axel have only treated the symptoms of the forest's curse, not the cause--and it's getting worse. Burdened with visions of the future and learning to navigate her new relationship with Axel, Clara finds herself entering the forest with Axel yet again to discover the truth once and for all: the identity of the murderer whose crime started the curse. If they don't survive the dark, deadly twists of the forest once more, not only will they never escape, they may not have somewhere to escape to.

## Where Shadows Meet

### A Novel

Patrice Caldwell

**The dark and thrillingly romantic debut vampire fantasy that questions what it truly means to sacrifice for love.**

### Summary

*You have no idea what I've done for love. Just as you have no idea what you may one day do.*

Once long ago, a girl named Favre sacrificed her wings for love. Thana, the young goddess she so willingly gave them up for, sacrificed that same love for power. But everything has a cost.

Favre never got over the loss of her wings. And Thana's choices led to a life of eternal night, and later, their destruction. Favre has bided her time ever since, waiting for the chance to resurrect the girl she loves who turned her into the creature she hates.

Now, a thousand years later, Leyla, the crown princess of the malichora—an ancient race that survives on human blood—must travel to the Island of the Dead when her best friend is captured during an attack on her nation's capital. Along with Najja, a fierce, beautiful seer, and the last person she expected to help her, Leyla forges down a dangerous path, intent on saving her friend. But nothing is as it seems. The closer she gets to her goal, the more she risks awakening an ancient evil and destroying everything she holds dear.

Set in the aftermath of a war between vampires, humans, and the gods that created them, Patrice Caldwell's devastatingly romantic fantasy debut, *Where Shadows Meet*, centers the heart-wrenching pain of loss and the struggle of self-discovery to ask: do we choose our fates, or do our fates choose us?

P. C. Cast, Kristin Cast

*New York Times* bestsellers P.C. Cast and Kristin Cast return with the astonishing conclusion to their new duology set in a dark and magickal world filled with incredible danger and irresistible romance.

### Summary

Wren Nightingale wasn't supposed to have any elemental powers. Since becoming Moonstruck on her eighteenth birthday, Wren has found herself thrust into a world filled with deception, danger, and murder. Uncovering that their magick was fractured and limited when the original Moonstruck ritual was broken by Selene, Wren is determined to find a way to join the magicks of the elder, the mother, and the maiden. But the Elementals are split into two factions—some want the ritual completed and their freedom—and others are terrified of change. So terrified that they're willing to end Wren before she can reach the center of the island where the ritual Selene ruined can be completed.

Between his overbearing father's arrival, Rottingham delegating him more and more responsibility, and Celeste taking a special interest in him, Lee Young has been struggling to find his own path. As much as Lee wants to take his place in the Moonstruck hierarchy, not everything he's being told adds up—like, no matter what Celeste says, he knows something's not right at the Academia de la Luna. He thinks if he can talk some sense into Wren and get her to return to the Academia, that everything will turn out alright.

As Wren and Lee both battle for what they believe is right, they'll have to uncover who their true allies are...and if they're even on the same side of this magickal fight.

## Pride or Die

### A Novel

CL Montblanc

**In this delightful dark comedy debut, when the members of an LGBTQ+ club find themselves accidentally framed for attempted murder, it's up to them to clear their names before it's too late.**

### Summary

It's kind of hard to graduate high school when you're the prime suspect in an attempted murder.

Seventeen-year-old Eleanora Finkel just wants to finish her senior year and get the hell out of Texas. But when her club meeting inconveniently coincides with an attack on the school's head cheerleader, she and her friends find themselves in the hot seat.

In order to clear their names and ensure the survival of their club for future queer teens, they'll have to track down the real culprit themselves. But Eleanora is far from a professional detective; she's riddled with anxiety, annoyingly attracted to the case's cute victim, and her trusty crochet hook feels insufficient for fighting off a murderer. Can this ragtag group of unlikely sleuths find their way out of an entire freaking murder mystery before one of them is next?
